

AMERICAN SHORT LINE AND REGIONAL RAILROAD ASSOCIATION

The Voice of America's Independent Railroads

Dear Prospective Member:

Thank you for your interest in the American Short Line and Regional Railroad Association. We are pleased to have the opportunity to provide you with information about our organization and the benefits of membership. ASLRRRA represents over 450 small railroads in 49 states, as well as Canada and Mexico, and more than 350 suppliers of good and services to the rail industry. Associate membership is open to companies that supply goods and services to the railroad industry, and to tourist and excursion railroads.

ASLRRRA conducts three Regional Meetings each year, as well as an Annual Convention and Exhibition. We also organize Railroad Day on Capitol Hill, a legislative event that takes place in Washington, D.C., each spring. Various other seminars and workshops are held as needed. For a list of upcoming meeting dates, visit www.aslrra.org/meetings___seminars/. Associate membership entitles representatives of your company to attend our functions at a reduced members' rate. In addition, *exhibition space at the Annual Convention is available only to Associate members of ASLRRRA.*

Additionally, Associate members are entitled to receive ASLRRRA's membership list upon joining with updates upon request and are listed in our E-Marketplace. An online directory of Associate members, E-Marketplace allows railroad members to search for goods and services and to contact and request bids from suppliers. The Association's website also has a Classifieds section that has proven to be an ideal venue for marketing products and/or services to the industry.

As an Associate member, you will also receive our bi-weekly newsletter, *Views & News*, our bi-monthly *Safety Bulletin* and quarterly Legal, Secure and Tracks Newsletters via e-mail. These important publications ensure that the Association maintains almost constant communication with its members and also help Railroad and Associate members alike remain up-to-date on developments in the short line and regional railroad industry.

ASLRRRA members can also benefit from the following programs as described in the attached Special Services file:

- CAPTRUST 401(k) Affinity Plan
- HCM/CheckPoint Payroll System
- NARS Training Program
- Project S.A.F.E. (Safety Assessment and Facilities Evaluation)
- RRIF Loan Assistance Program
- Transportation Occupational Medical Consultants (TOMC) Hearing Testing & Conservation Program

We appreciate your interest and would be pleased to welcome your company as a new Associate member of ASLRRRA. Attached to this letter you will find a Membership Application, a copy of the E-Marketplace Directory Index Guide, and a Dues Schedule. For your convenience we accept payment by either check or credit card. Please take a moment to review these documents and let us know if we can provide any further information or assistance.
